Kod EAN	853854008629
Producent	4Hawks

Opis produktu

- QuickAttach mounting system
- Adjustable tilt of the range extender
- Dedicated pigtails
- No drilling required
- No modification to the drone itself
- Long range extension without external boosters
- Design does not contain any removable parts
- Complete solution
- Controller NOT included

DJI Inspire 1 is a high quality drone. The basic kit allows for up to 30 minutes of uninterrupted flight, maximum speed of 60km/h. Drone is targeted for professional movie makers.

4Hawks antenna for DJI Inspire 1 model is operating in 2.4GHz with 9dBi gain with additional antenna installed inside controller working in 5GHz frequency that allows operating the drone with 2 controllers.

Entire construction is 100% UV protected to assure longevity of the equipment. Additionally, part of the construction is made of aluminum to make the whole construction as light as possible. Mounting is made of stainless steel for rock solid stability.

Mounting the range extender is easy and doesn't require professional assistance. The entire set is lightweight and uniform (without any loose equipment pieces). Changing the direction of the antenna shouldn't cause any difficulties, as the system was designed in a way that allows quick position change with just a single "click" to 5 different positions. This way you can be sure that you do not lose the connection with your drone.
