Opis produktu

Beechcraft Bonanza V-tail 46 size EP-GP

The Beechcraft Bonanza is an American general aviation aircraft introduced in 1947 by Beech Aircraft Corporation of Wichita, Kansas. The six-seater, single-engine aircraft is still being produced by Beechcraft and has been in continuous production longer than any other airplane in history. More than 17,000 Bonanzas of all variants have been built, produced in both distinctive V-tail as well as conventional tail configurations.

Now , VQ Introduce the Beech Bonanza 46 size EP-GP V-tail after the cuessful of normal tail . This Bonanza V-tail come with 2 scale flap , 1 x painted pilots , platic antena ,plywood seat . Also we have supply in the kit some scale detail make by ply wood sothat you can make your Bonanza look like a real one .

With the big battery hatch , you can use both Electric motor or Nitro engine . .

As an option , the Electric retracts with struts (VQ-ARE13S) or Electric retracts with nose gear struts only (VQ-ARE14) is good choise for this Bonanza ,It make this Bonanza become one of the best Balsa sacle 46 size EP-GP in the market.
