Dostępność	<b>Dostępny</b>
Numer katalogowy	<b>8384</b>
Kod EAN	<b>784695046092</b>
Producent	<b>Team Associated</b>

### Opis produktu

Stożek montowany wraz z redukcją pod silnik bezszczotkowy (#4608) w modelu Team Associated RC12R5.

The #4608 hub and #4609 thrust cone allow the pod plates #8511 and #8512 from the 10R5 to be adapted to the 12R5. Now you can enjoy the same benefits as the 10R5 owners - rear pods that are balanced/optimized for brushless!

- \* Rear pod is balanced optimized for brushless motors. This is achieved by moving the motor closer to the spur gear.
- \* Balanced rear pod helps with setting chassis tweak, and also helps to keep the car tracking straight under throttle.
- \* New motor position allows more room for wiring brushless motors.
